

WELCOME TO OPEN HOUSE #1

Today is your opportunity to get an overview of the project and provide input on concepts and resources that should be considered.

- Tell us what is important to you and which issues or environmental resources should receive consideration in the project
- Give us your suggestions for the project corridor

Please take the time to examine the information provided, ask as many questions as you wish, and give us your comments and suggestions.

Please submit all comments by October 3, 2019. All comments received will be reviewed and considered by the project team.
